

Professional Learning Plan: May 29th, 2026 Magnetic Hill School

The following is a brief description of our planned professional learning work for May 29th. This work is organized around our district's four collective goals:

The staff of Magnetic Hill School teachers will be heading out to different schools to investigate French literacy, Numeracy, Assessment practices, and where to go next, and planning for literacy and numeracy interventions. Music and Phys.ed teachers will be looking at this years plans and what next year may look like.

The EAs of Magnetic Hill School will be learning about supporting students with FASD.

The Staff at Magnetic Hill School continue to make the educational experience the best we can for your children.
